If the answer is **YES to both questions and/or the student appears to stutter**, please submit the completed referral package for the Eligibility Screen for SBRS SLP to the Quinte Children's Treatment Centre (QCTC). This can be found online at <https://quintectc.com>. A QCTC SLP will complete a short, in-person evaluation to determine if the student requires admission to the SBRS SLP waitlist.

If the answer to either of the above questions is **NO**, please continue to monitor the student for skill development. Tier One/Universal resources that are good for all students in supporting their speech development can also be found online at <https://quintectc.com>, or you may speak with the SBRS SLP assigned to your school.
